★★★★★ **5 STAR REVIEW**
My husband and I are very happy with EverDry Waterproofing. Someone came out to do an inspection, gave his recommendations, and from there we scheduled the work. From start to finish, they were very communicative and responsive. The crew was great and respectful. I am particularly happy that they stand by their work and offer a lifetime warranty. It gives us a lot of peace of mind that our basement should stay dry, and if for reason, we have problems, they will fix it at not additional cost. — *June Appleton 10/2*

The Green Bay Packers have had so many successful teams — including an NFL-leading 13 championships — it's hard to get recognition if you're only moderately successful, even if that success came during one of the team's streaks of long-term awfulness. • Meet the 1972 division-winning Green Bay Packers, whose 10-4 record interrupted a streak of 10 NFC Central championships by the Minnesota Vikings. • It's the only championship of any sort by the Packers between the Ice Bowl year in 1967 and the next division championship in 1995. Willie Buchanon, a cornerback on the 1972 team, calls it "the gray zone."

State has record cash surplus

Stage set for fight over how to use \$4.3 billion

MADISON - Wisconsin officials have an unprecedented amount of cash heading into January when lawmakers return to begin writing the next state budget — a game-changing sum that could be used to cut taxes, slash borrowing or transform funding for schools.

Tax collections and lower-than-expected state spending have swelled the state surplus to \$4.3 billion — \$1.5 billion more than projected in January, according to the state Department of Administration.

The state's so-called rainy day fund, which is supposed to be tapped only during recessions and emergencies, also reached a record \$1.7 billion, according to Gov. Tony Evers' administration.

GREEN BAY - A man accused of stabbing a Green Bay bartender with a knife in 2021, then minutes later killing a man waiting in his car for a train pleaded no contest Monday to homicide and four lesser charges related to the attacks.

Wesley Brice, 24, of Green Bay is scheduled to be sentenced Dec. 16 in Brown County Circuit Court after Brown County Judge John Zakowski found him guilty of those charges.
